Please spend some time and go through this information carefully so that you do not miss any opportunity that NMIMS may have to offer you. The SRB contains a Student Undertaking page at the end of the document, which you are required to sign and submit to your course coordinator by the suggested date.

We would also like your support to maintain and enhance the University's image and uphold its values. We value your feedback.

14 Feedback Mechanism:

NMIMS has a well-established online feedback mechanism through the Student Portal for communication of perceptions. The components of this feedback mechanism are:

- 14.1 Feedback at the end of the third week of every trimester/Semester. Dean / Director /Programme Chairperson/HOD will meet students personally, if applicable.
- 14.2 Online Feedback through the Students Portal is taken using a questionnaire, preferably in the last session of every course in each trimester/Semester. This feedback is compiled, and statistics are placed before each faculty member by the end of the trimester/Semester.
 - 14.2.1 All students should get involved in this mechanism seriously, as it truly helps the NMIMS improve the quality of services and teaching provided.
 - 14.2.2 These are open-ended questions in which students can reflect on learning and teaching aspects of the course.
 - 14.2.3 NMIMS uses feedback to improve the teaching-learning process proactively.
 - 14.2.4 While sharing the feedback to the faculty members, the student's identity is kept confidential.

15 Mentoring Programme / 'Psychologist and a Counsellor':

15.1 Mentoring Programme:

Students (as applicable school-wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding the selection of courses, and help identify resources needed by all students. Do meet your faculty mentor regularly, as per their convenience and availability.

15.2 Psychologist and a Counsellor:

A Psychologist is a non-judgmental, qualified professional who understands, ensures privacy and confidentiality and guides you by giving choices so that you make the right decision. This process is facilitated using realistic, structured, and research-based therapy.

Managing emotions is vital to ensure all-rounded progress in life. We need to break down the old walls of myths and misconceptions to learn something new. Visiting a counsellor (Psychologist) enables us to relearn more helpful, progressive, reality-based thinking.

Personal counselling is essential at every step in life, even at the corporate level. What we think about situations affects our subconscious mind and interferes with our present-day life.

As human beings, at any given time in life, we could go through challenges and have no one to share with or guide us. We often do not share our issues with family or friends due to the fear of upsetting them. We worry that perhaps they may not understand or could become judgmental. At such times, we recommend Personal Counselling.

- ii. "Since the time he left me, I cannot put my attention to anything, I will not be able to live anymore.....can't bear it if she is not in my life!"
- iii. "I have lost my confidence, I feel worthless /hopeless; no one loves me. I don't want to live anymore."
- iv. "I feel nobody understands what I am going through..." (People become judgmental instead of understanding and supporting) "I feel people invalidate my feelings."
- v. "I do not know whom to share my feelings with. Where do I seek help? Who will be able to help me?"

Have you had any of these repetitive thoughts or faced a rejection that you cannot cope with?

Have you reacted very angrily at first and then later realised that reacting to the event was not needed, and in the process, you harmed the relations you had with your friends and family? Do you not know what went wrong then? Do you not understand what triggered you?

Just as we would treat a sprain with some ointment, we try to heal our emotional pain independently. When the sprain is not healing, we visit the doctor, and similarly, one sees the psychologist sometimes when we are unable to clear our emotional challenges on our own. The counsellor needs to check how deep your wound is, and usually, you are helped through therapeutic counseling.

We may be unaware of our behaviour's implications on others, but it eventually could affect our relations in daily life at home, in class, or at work. When past emotional situations are not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings that we need to be aware of. They could again lead to complications and affect our performance, decision making, logical thinking, studies, relationships, and career. This continued stress can gradually affect our body and physiological health, causing hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, skin conditions, and ulcers. Understanding the mind-body connection is essential.

The biggest myth is that being emotional is to be weak, so often, we push all our emotional issues under the carpet and then take up unhealthy habits like smoking, drinking, and substance abuse to escape from our reality. We hope to feel better, which lasts only for a short time. On the other hand, creating long-term damage may lead to unhealthy dependency.

NMIMS wants to ensure the holistic development of the students. We understand that to perform at your highest potential in your academic journey, your emotions and mental health need to be well-regulated and balanced. Therefore, have appointed a team of psychologists who you can connect with via call or email and set up a session to discuss any concerns that may be affecting you.

21. Safety Guide for Students on Floods, Fire and Earthquakes

NMIMS gives utmost importance to safety of its students. It prepares students for natural hazards.

The safety measures for some natural disasters, such as 1) Floods, 2) Earthquakes and 3) Fire, are highlighted briefly.

21.1 Floods: Precautions to be taken in case of Floods are given in Table 1 below.

Before Floods	During Floods	After Floods
- Identify and visit elevated areas in and around the Institute as places of refuge during a flood - Be aware of drainage channels and other low-lying areas known to flood suddenly. Consult and involve local authorities in the institutes - Check for the monsoon alerts for the heavy rains declared by the Municipal Corporation - Do not travel long distances on dates indicated as 'Monsoon Alerts'. Contact the Institute if there is any pre-planned activity or examination, or any other important work on that day, and try to adjust it on some other day - Keep locally available equipment such as ropes, batteries, radio, plastic bottles, and cans handy during the rainy season. This can help you to plan your rescue - Prepare a food kit including emergency food items such as biscuits, snacks, drinking water, and so on	- Evacuate to previously identified elevated areas - Your life is most precious. Avoid saving valuables at that moment. - Disconnect electrical appliances. - Turn off utilities at the main switches or valves if instructed to do so - Don't touch electrical equipment if you are wet or standing in water - Do not walk through moving water. Six inches of moving water can make you fall - If you have to walk in water, walk where the water is not moving - Use a stick to check the firmness of the ground in front of you - Avoid floodwaters; water may be contaminated by oil, gasoline, or raw sewage - Water may also be electrically charged from underground or downed power lines - Listen to the radio for advanced information and advice. Don't spread rumors - Move vehicles to the highest ground nearby - Do not enter floodwaters on foot if you can avoid it - Never wander around a flooded area - Drink clean water	- Stay away from downed power lines, and report them to the Security Officer - Leave the Institute / home only when authorities indicate it is safe - Stay out of any building if it is surrounded by floodwaters - Use extreme caution when entering buildings; there may be hidden damage, particularly on foundations - Floors in the building will be slippery due to water and mud. Walk carefully on the slippery floor. - Wear appropriate footwear. Do not use slippers during the rainy season - Watch out for loose flooring, holes, and dislodged nails - Clean and disinfect everything that got wet - Discard any food items which may have got wet - Inform them about the damaged drainage and sewage systems in and around the building to the authorities as soon as possible. These can be a major health hazard - First, protect yourself and then help others.

21.2 Earthquake: Precautions to be taken in case of earthquakes are displayed in Table 2 below:

Before Earthquake	During Earthquake	After Earthquake
- In a hostel or at home, keep heavy objects on lower shelves so they will not fall on you during an earthquake. - Make sure your water heater and gas cylinder are secured and intact. This will ensure that it will not fall during an earthquake and hurt someone or start a fire. - Keep a torch and a mobile handy. - Keep the corridors in the hostel/house clear of furniture and other things, making movement easier.	If you are at home or inside a building - Do not rush to the doors or exits; never use the lifts; keep well away from windows, mirrors, chimneys, and furniture. - Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table, or even under a bed. If you are on the street - Walk towards an open place in a calm and composed manner. Do not run and do not wander round the streets. - Keep away from buildings, especially old, tall, or detached buildings, electricity wires, slopes, and walls, which are liable to collapse.	If you are at home or inside a building - Expect aftershocks. Be prepared. Stay where you are and do not come out immediately. - Keep calm and obey any instructions you hear after you come out - Turn off the water, gas, and electricity - Do not smoke and do not light matches or use a cigarette lighter. Do not turn on switches. There may be gas leaks or short circuits. - If there is a fire, try to put it out. If you cannot, call the fire brigade. - Immediately clean up any inflammable products that may have spilled (alcohol, paint, etc.). - Avoid places where there are loose electric wires, and do not touch any metal object in contact with them. - Do not drink water from open containers without having examined it and filtered it through a sieve, a filter, or an ordinary clean cloth. - Eat something. You will feel better and more capable of helping others. - If the building is badly damaged, you will have to leave it. Collect water containers, food, and ordinary and

Provide them with first aid. Do not move seriously injured people unless they are in danger. If you are outside - If you know that people have been buried, tell the rescue teams. Do not rush and do not worsen the situation of injured persons or your situation. - Do not re-enter badly damaged buildings and do not go near damaged structures. - Do not walk around the streets to see what has happened. Keep clear of the streets to enable rescue vehicles to pass. - Keep away from beaches and low banks of rivers. Huge waves may sweep in. - Keep updating yourself with the latest information on earthquakes through radio or TV.

21.3 Fire: Precautions to be taken in case of fire are given in Table 3 below:

Before Fire	During Fire	After Fire
- Identify the fire hazards and where fires might start, e.g., laboratories, storerooms, kitchens, and other such places. - Identify all the exit routes of the Institute. - Check the adequacy of the firefighting apparatus and its maintenance.	- Do not panic. Shout for help. - Do not run. - Do not waste time collecting valuables. - Inform the fire brigade about the fire and alert neighbors. - If possible, use a fire extinguisher. - Do not take shelter in the toilet. - Shut all the doors behind you while leaving the room to prevent fire from spreading everywhere. - Do not use the lift to escape. - Use the nearest means of escape and the staircase available. - Exit ground level instead of the terrace. - Report about your safe escape and any other information to the University authorities, fire brigade, or police present at the site. If trapped or stranded: - Stay close to the floor level. - Cover the gaps of the door with any piece of cloth available. - Do not jump out of the building. - Signal or shout for help. - Stop, drop, and roll on the ground and cover with a blanket; pour water on the body - Dial 101 or 22620 5301 for the fire brigade - Give the fire officer a detailed address, the nature of the incident, and the telephone number from which you are calling. Preferably, use a landline. Keep down the receiver and wait at the same spot. Control Room will call back to verify the call. - Wait for the Fire Brigade to arrive and co-operate with the firefighters.	Don't re-enter or permit anyone to enter the building, unless the fire officials have permitted entry.

21.4 In case of any injury caused or loss of life to the negligence of the student and/or due to natural calamities the institution shall not be held liable in any form of compensation and/or responsibility whatsoever.

6 Examination Guidelines (ICA / TEE, Passing Criteria, Grading system, method of calculation of CGPA, Re-Examination, exceptional cases – medical etc.)

Break up for continuous evaluation of each course will be as under:

The School will follow Annual Pattern. A student will undergo Internal Continuous Assessment (ICA) for each course/subject during the academic year. Various components of such assessment would be as decided by the respective modules/ Module Leaders and approved by Director of the School. The assessment strategy and assignment briefing will be sent at the commencement of the academic year.

Component	Marks
Unit Test/Project Report /Assignment/ Presentation/ Weekly Tests / Case Studies / Quizzes / any other as approved by School	100

Passing Criteria for each Course at each Level (Year):

- To pass in a particular subject at any of the Levels/ Years of examination/ re-examination, student must secure minimum of 40% marks of the total maximum marks of that subject/ Module.
- “F” Grade would be awarded, where marks obtained are less than 40% in aggregate or where the marks obtained in any of the examination for the module are less than 40% of the total maximum marks of the respective course.
- For all the modules there will be Comprehensive Continuous Assessment (CCA) component conducted round the year and therefore will not have any term end examination pattern.
- There is no provision for award of grace marks to any student.

Non – fulfilment of Passing Criteria:

- A student who has failed to fulfil the passing criteria as given above, will be required to re - appear for **the examination in the module component they failed in 1st Attempt**. The re-examination will be conducted after declaration of results for all Modules Component Examination. The dates for the re-examination for Kingston University modules and NMIMS Modules will be declared based on Kingston University and NMIMS's University date confirmation. A student must submit an online re-examination form available on students' portal and re-examination fees. Such students who fail to submit the form will not be allowed to appear for the re-examination for any of the failed modules. A student who has failed to fulfil the passing criteria after re-examination, will not progress to next Level 5 and so on. In case, the student fails even in the re-examination, which is so held, he/ she should **seek readmission for the entire year** by paying full fees or subject wise readmission as per progression rules.

Remedial classes would be organized by the Centre for all the students who fail to fulfil the passing criteria as mentioned above, before the conduct of the re-examination. However, these remedial classes will be on demand from students and if a student registers for remedial classes, he / she is expected to maintain 100% attendance. If any student feels that he / she can manage without remedial classes, students can study on their own and appear for the re-examination, later, such students cannot complaint, if they fail to clear re-examination.
